

*Live webinar April 21, 2026 10 – 12 MT*

# A Clinical Forensic Approach to Interpersonal Violence

Hannah Varto MN, NP, SANE-A

## OBJECTIVES:

Summarize current Canadian trends in intimate partner violence, including incidence, patterns of harm, and data on femicide/homicide and criminal legal system involvement.

Explain the evolving Canadian legal landscape related to IPV, with particular attention to coercive control and its implications for practice.

Recognize clinical indicators and behavioural red flags that may suggest IPV in patients – and then what to do about it.

Apply trauma- and violence-informed approaches when responding to suspected or disclosed IPV in healthcare and mental health settings.

Identify appropriate documentation strategies, safety considerations, and referral pathways to support patient well-being

## Includes:

- A certificate of completion,
- The live webinar event if registering prior to commencement,
- The on-demand recording to watch at your convenience,
- A handout in PDF format for viewing or self-printing
