Benzodiazepines in Clinical Practice:

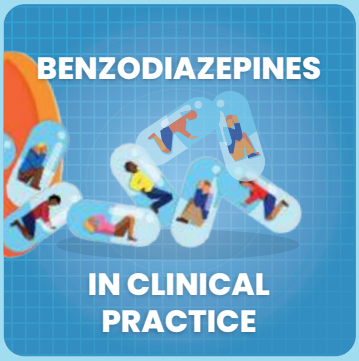

Indications, Risks & Tapering Strategies

Paxton Bach, *MD, MSc, ABIM, FRCPC, FASAM*

OBJECTIVES:

By the end of this session, participants will be able to:

1. Review and identify the history and pharmacology of benzodiazepines as a drug class.
2. Summarize evidence-based indications for short-term prescribed use of benzodiazepines.
3. Introduce tools for the diagnosis and management of benzodiazepine withdrawal and benzodiazepine use disorder.
4. Implement approaches to structured benzodiazepine tapers, motivational enhancement, and collaborative care in the management of benzodiazepine dependency.

Includes:

- A certificate of completion,
- The live webinar event if registering prior to commencement,
- The on-demand recording to watch at your convenience,
- A handout in PDF format for viewing or self-printing
