Holly Feist,
RN BN, MN, ACCN

Christopher Coltman,
RN, BScN

The Peri-Arrest Patient on the Acute & Complex Care Unit

- The Breathless Patient
- The Cardiac Emergency Patient
- The Patient With An Embolism
- The Toxin Positive Patient
- The Trauma Patient
- The Altered Temperature Patient
- The Altered Potassium Patient
- The Septic Patient

Role of Acute Care Nurse in Code Blue and Rapid Response Calls

We'll help sharpen your Observations & Skills on all the above, by including:

- Key A & P review; Important patient history points
- Assessment: What you're looking for and why
- Interventions
- Priorities; Important Points; Pits and Pearls
- Integrating all these points during a rapid response or code blue call when you are the acute care nurse through case studies and examples

Includes:

- Coffee & Tea
- Lunch (Soup, Salad, & Sandwich Buffet)
- Printed Handouts
- Certificate of Completion for 6.5 Hours of CE

Save \$10 until October 20! Group discounts available!
